Dear Mick,
your mail has kinda slowed up a bit but I did get the package of film you sent me. Thanks a lot. One of the boys in the post office went on a rest leave today so I helped out down there. I really had a swell time. It was a change from my work. I imagine one of the other boys will be back so I guess I'm no more mail man. This is just a continuation of the answer as to what I do over here. I don't think I wrote you about the rest leave I had. It was only five days but I sure enjoyed it. Where I went was a place that you have heard of many times. Its famous in song, legend, and history. Its a very beautiful place and different from any place I've seen in Europe. Before the war only the rich could afford to go there. Now its only men from the Air force. We had real beds there with clean white sheets, a mattress, and even a pillow. I lived in what was once a Villa. At meal time we were waited on by civilians, and all out of plates. You could buy ice cream at 20 cents a plate too, there. All in all it was a little paradise. I wish I could tell you where it is but it just can't be done. Well, I guess thats all for now.
